Perception Dance will place dancers in the appropriate routine based on their audition. The number of routines you write down does not ensure your placement in that number of routines. One large group is required. How many groups routines and duet/trios total (not including solos) would your dancer like to be in? Please make any notes that we may need to know about.

**Please check the space below if you are interested in being in a group routine(s) that will compete not only at the 4 regional competitions and Nationals, but also, will compete at 2 conventions. If you choose to be eligible for these routines, you must agree to attend both conventions. The convention will include the cost of a workshop and entry fees for the group routines.**
